

## Customized sheet metal processing, stainless steel precision punching and stamping parts

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Size: Customized Size
- Color: Customized Color
- Material: Aluminum, Stainless Steel
- Tolerance: 0.01-0.05mm, +/-0.05mm, +/- .005 For Hole, +/- .010 For Other Size
- Thickness: 3 +/- .005mm, 0.5~25mm
- Item Name: Steel Stamped Part
- Highlight: **Laser Cutting steel stamped part,  
Customized steel stamped part,  
Customized color precision metal stamping**

## Product Description

Item	Description
Product Name	Customized sheet metal processing, stainless steel precision punching and stamping parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

### Customized Sheet Metal Processing: Laser Cutting for Stainless Steel and Aluminum Sheet Metal

**Introduction:** Welcome to our specialized sheet metal processing service, where we offer customized solutions tailored to your specific needs. With a focus on precision and quality, we specialize in laser cutting for stainless steel and aluminum sheet metal, providing versatile manufacturing capabilities to bring your projects to life.

**Advanced Laser Cutting Technology:** Our state-of-the-art laser cutting technology enables us to achieve precise cuts on stainless steel and aluminum sheet metal with exceptional accuracy. Whether you require intricate designs, complex shapes, or precise dimensions, our advanced machinery ensures clean edges and tight tolerances for superior quality results.

**Customization Options:** We understand that every project is unique, which is why we offer a wide range of customization options to suit your requirements:

**Material Selection:** Choose from high-quality stainless steel and aluminum materials, known for their durability, corrosion resistance, and versatility.

**Design Flexibility:** Collaborate with our experienced team to create custom designs that meet your specific needs and aesthetic preferences.

**Precision Laser Cutting:** Utilize our advanced laser cutting technology to cut stainless steel and aluminum sheet metal with precision and accuracy, ensuring clean edges and tight tolerances.

**Versatile Applications:** Our customized sheet metal processing services find applications across various industries, including automotive, aerospace, electronics, and architecture. Whether you need components for machinery, enclosures, brackets, or decorative elements, we have the capabilities to meet your needs.

**Quality Assurance:** Quality is our top priority, and we adhere to strict quality control measures throughout the manufacturing process. From material selection to final inspection, we ensure that each piece meets the highest standards of quality and precision, delivering superior results that exceed your expectations.

**Collaborative Partnership:** We value collaborative partnerships with our clients and work closely with you to understand your requirements and provide customized solutions that meet your needs. Our dedicated team is committed to delivering excellence in every aspect of sheet metal processing, from design to production.

**Contact Us Today:** Ready to elevate your projects with customized sheet metal processing and laser cutting for stainless steel and aluminum? Contact us today to discuss your requirements and discover how we can assist you in bringing your ideas to life with precision, quality, and expertise. Let us be your trusted partner in sheet metal manufacturing, delivering customized solutions that meet your needs and exceed your expectations.
