

## OEM Stainless Steel Die Bending And Welding Metal Case Deep Drawing Parts

Our Product Introduction

for more products please visit us on [metalstamp-parts.com](http://metalstamp-parts.com)

### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

### Product Specification

- Size: Customized Size
- Color: Customized Color
- Material: Stainless Steel, Carbon Steel
- Product Name: Sheet Metal Stamping Parts Machined Parts, Stamping Part
- Service: Customized OEM
- Item: Sheet Metal Stamping Parts Machined Parts
- Highlight: **OEM Stainless Steel Die Bending, Stainless Steel Die Bending Welding, Metal Case Deep Drawing Parts**

## Product Description

Item	Description
Product Name	OEM Stainless Steel Die Bending And Welding Metal Case Deep Drawing Parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manupulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

**Introduction:** Welcome to our specialized stainless steel sheet metal processing service, where we excel in die bending, welding, deep drawing, and metal case fabrication. With a focus on precision and versatility, we offer comprehensive solutions to meet your specific requirements for high-quality stainless steel parts and cases.

**Die Bending and Welding Expertise:** Our skilled craftsmen utilize advanced die bending techniques to create precise bends and angles in stainless steel sheet metal. Coupled with expert welding capabilities, we ensure seamless joints and robust connections, resulting in durable and reliable parts that withstand the rigors of various applications.

**Deep Drawing for Complex Shapes:** Deep drawing is a specialized process that allows us to create complex shapes and contours in stainless steel sheet metal. With our state-of-the-art equipment and experienced technicians, we can produce deep drawn parts with exceptional accuracy and consistency, meeting even the most demanding design requirements.

**Metal Case Fabrication for Versatile Applications:** Our metal case fabrication services cater to a wide range of applications, including electronics, telecommunications, automotive, and more. Whether you need enclosures, housings, or protective cases, our expertise in stainless steel processing ensures that your cases are not only durable and functional but also aesthetically pleasing and tailored to your specifications.

**Comprehensive Sheet Metal Processing:** From initial design concepts to final assembly, our sheet metal processing capabilities cover every aspect of production. We offer:

- Custom design services to bring your ideas to life.
- Precision die bending and welding for accurate and robust parts.
- Deep drawing for creating complex shapes and contours.
- Metal case fabrication for versatile applications.

**Quality Assurance and Reliability:** Quality is our top priority, and we adhere to strict quality control measures throughout the manufacturing process. Our commitment to excellence ensures that every stainless steel part and case meets the highest standards of craftsmanship, performance, and reliability, providing you with peace of mind and confidence in our products.

**Collaborative Partnership for Success:** We believe in building collaborative partnerships with our clients, working closely with you to understand your needs and objectives. Our dedicated team is committed to delivering solutions that not only meet but exceed your expectations, ensuring that your projects are completed on time and to your satisfaction.

**Contact Us Today:** Ready to start your stainless steel sheet metal processing project? Contact us today to discuss your requirements and discover how our die bending, welding, deep drawing, and metal case fabrication services can bring your ideas to life with precision, quality, and reliability.
