

## Metal Case Stamping Bending Parts Square Sheet Metal CNC Custom Stamping Parts

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Size: Customized Size
- Color: Customized Color
- Material: Aluminum, Stainless Steel, Carbon Steel
- Tolerance: 0.01-0.05mm
- Thickness: 3 +/- .005mm
- Item Name: Steel Stamped Part
- Highlight: Metal Case stamping bending parts, CNC stamping bending parts, 0.05mm custom stamping parts

## Product Description

Item	Description
Product Name	OEM ATM Parts Metal Plates Stamped Atm Machine Hardware Components
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, etc
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in Japan and other countries and regions.
Inspection	100% QC as to each products

### Customized CNC Metal Shell: Foldable Laser-Cut Sheet Metal Parts

**Introduction:** Welcome to our bespoke CNC metal shell manufacturing service, where innovation meets precision. We specialize in crafting foldable sheet metal parts using advanced laser cutting technology, providing customized solutions tailored to your specific needs.

**Advanced Laser Cutting Technology:** Our state-of-the-art CNC laser cutting technology enables us to create intricate designs and precise cuts on various metals, including stainless steel, aluminum, and more. With unparalleled accuracy and efficiency, we transform raw materials into foldable sheet metal parts that meet your exact specifications.

**Foldable Design for Versatility:** Our foldable sheet metal parts feature a versatile design that allows for easy assembly and compact storage. Whether you need collapsible enclosures, portable structures, or foldable components, our innovative solutions provide flexibility and convenience for a wide range of applications.

**Customization to Your Requirements:** We understand that every project is unique. That's why we offer comprehensive customization options to ensure that our CNC metal shells meet your specific requirements. From design alterations to material selection and surface finishes, we work closely with you to bring your vision to life with precision and excellence.

**Quality Craftsmanship Guaranteed:** Quality is at the core of everything we do. Our skilled craftsmen meticulously inspect each foldable sheet metal part to ensure it meets our stringent quality standards before it leaves our facility. With our commitment to excellence, you can trust that your custom CNC metal shell will exceed your expectations for performance and durability.

**Applications Across Industries:** Our customized CNC metal shells find applications across various industries, including electronics, automotive, aerospace, and more. Whether you need protective enclosures, equipment housings, or decorative elements, our foldable sheet metal parts provide reliability and versatility for your projects.

**Contact Us Today:** Ready to elevate your projects with customized CNC metal shells? Contact us today to discuss your requirements and discover how we can provide tailored solutions to meet your needs. With our expertise, dedication, and cutting-edge technology, we're here to bring your ideas to life with precision and efficiency.

Product Description

Item	Description
<b>Product Name</b>	OEM ATM Parts Metal Plates Stamped Atm Machine Hardware Components
<b>Working Process</b>	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
<b>Material</b>	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
<b>Surface Treatment</b>	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
<b>Packing</b>	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
<b>Application</b>	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
<b>Equipments</b>	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
<b>Thickness</b>	0.5mm~12mm
<b>File Format</b>	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
<b>Service</b>	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
<b>Inspection</b>	100% QC as to each products
