

Laser Cutting Stainless Steel Stamping Part Customized OEM 0.01mm-0.05mm Tolerance

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Size: Customized Size
- Color: Customized Color
- Material: Aluminum, Stainless Steel
- Tolerance: 0.01-0.05mm
- Service: Customized OEM
- Thickness: 3 +/- .005mm
- Highlight: stainless steel stamping part customized, laser cutting stainless steel stamping part, customized stamping stainless steel parts

Product Description

Item	Description
Product Name	Laser Cutting Stainless Steel Stamping Part Customized OEM 0.01mm-0.05mm Tolerance
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Stainless Steel Sheet Metal Processing: Laser Cutting, Stamping, and Bending Services

Introduction: Welcome to our stainless steel sheet metal processing service, where precision meets versatility. We specialize in laser cutting, stamping, and bending services, offering comprehensive solutions for a wide range of metal parts applications.

Advanced Laser Cutting Technology: Our state-of-the-art laser cutting technology allows us to achieve precise cuts on stainless steel sheet metal with unmatched accuracy. Whether it's intricate designs or complex shapes, our laser cutting services ensure clean edges and tight tolerances for every part.

Expert Stamping for Precision Components: With our stamping services, we transform stainless steel sheet metal into precision components with uniformity and consistency. Our advanced stamping machinery and skilled technicians ensure that each stamped part meets your exact specifications, guaranteeing quality and reliability.

Versatile Bending Capabilities: Our bending services provide versatility in shaping stainless steel sheet metal to meet your design requirements. Whether it's simple bends or complex geometries, our precision bending technology ensures accurate angles and precise dimensions for seamless integration into your assemblies.

Customized Solutions Tailored to Your Needs: We understand that every project is unique. That's why we offer customized solutions to meet your specific requirements. From material selection to surface finishes and coatings, we work closely with you to ensure that each metal part is tailored to your exact specifications and performance needs.

Quality Craftsmanship Guaranteed: Quality is our top priority. Each metal part undergoes rigorous quality control checks throughout the manufacturing process to ensure precision, accuracy, and reliability. With our commitment to excellence, you can trust that your stainless steel sheet metal parts will meet the highest standards of quality and performance.

Applications Across Industries: Our stainless steel sheet metal processing services cater to a diverse range of industries and applications, including automotive, aerospace, electronics, machinery, and more. Whether you need components for structural support, enclosures, brackets, or decorative elements, we have the expertise and capabilities to meet your needs.

Contact Us Today: Ready to elevate your projects with stainless steel sheet metal processing services? Contact us today to discuss your requirements and discover how we can provide customized solutions tailored to your needs. With our expertise, dedication, and commitment to excellence, we're here to help you achieve your goals with precision and efficiency.
