

Laser Cutting Of Galvanized Sheet Metal For Bending And Stamping Parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Size: Customized Size
- Color: Customized Color
- Material: Aluminum, Stainless Steel
- Tolerance: 0.01-0.05mm
- Service: Customized OEM
- Thickness: 3 +/- .005mm
- Highlight: 0.05mm galvanized sheet metal,
OEM galvanized sheet metal,
Laser Cutting oem metal stamping

Product Description

Item	Description
Product Name	Laser Cutting Of Galvanized Sheet Metal For Bending And Stamping Parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Introduction: Welcome to our galvanized sheet metal laser cutting service, where precision meets durability. We specialize in laser cutting galvanized sheet metal to create parts that are perfect for bending and stamping applications, ensuring accuracy and reliability for your projects.

Advanced Laser Cutting Technology: Our cutting-edge laser cutting technology enables us to precisely cut galvanized sheet metal with unparalleled accuracy. Whether you need intricate designs or complex shapes, our laser cutting services deliver clean edges and tight tolerances, ensuring the highest quality for your parts.

Perfect for Bending and Stamping: Our galvanized sheet metal is ideal for bending and stamping applications. With its durability and corrosion resistance, it provides a sturdy foundation for creating parts that can withstand the rigors of various industries. Whether it's brackets, enclosures, or structural components, our parts are designed to excel in bending and stamping processes.

Customizable Solutions to Meet Your Needs: We understand that every project has unique requirements. That's why we offer customizable solutions to meet your specific needs. Whether you require different thicknesses, sizes, or shapes, our team works closely with you to ensure that your parts are tailored to your exact specifications.

Quality Craftsmanship Guaranteed: Quality is at the heart of everything we do. Each part undergoes rigorous quality control checks to ensure precision, accuracy, and reliability. With our commitment to excellence, you can trust that your galvanized sheet metal parts will meet the highest standards of quality and performance.

Applications Across Industries: Our galvanized sheet metal laser cutting service is versatile and can be used in a wide range of industries and applications. Whether you're in automotive, construction, electronics, or any other industry, our parts are designed to meet your needs and exceed your expectations.

Contact Us Today: Ready to elevate your projects with precision-cut galvanized sheet metal parts? Contact us today to discuss your requirements and discover how we can provide customized solutions tailored to your needs. With our expertise, dedication, and commitment to excellence, we're here to help you achieve your goals with precision and efficiency.
