

## Bending stainless steel metal stamping ATM machine equipment components

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Tolerance:  $\pm 0.01\text{mm}$
- Size: Customized
- Surface Treatment: Galvanized
- Type: Stamping Parts
- Application: Industrial Machinery
- Oem/Odm: Available
- Finish: Smooth
- Material: Iron Steel
- Shape: Customized
- Thickness: 0.5mm-10mm
- Color: Silver Or Customized
- Usage: Assembly
- Highlight: bending Iron steel stamping parts,  
Iron steel stamping parts  $\pm 0.01\text{mm}$ ,  
0.01mm steel stamping parts

## Product Description

Item	Description
Product Name	Bending stainless steel metal stamping ATM machine equipment components
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

**Introduction:** Welcome to our specialized service offering customized bending and stamping processing for stainless steel galvanized sheet metal. With a focus on precision and quality, we provide tailored solutions to meet your specific requirements, ensuring durability and reliability for your projects.

**Advanced Bending and Stamping Technology:** Our advanced machinery and technology enable precise bending and stamping processing on stainless steel galvanized sheet metal. With meticulous attention to detail, we ensure that each part is crafted to your exact specifications, guaranteeing accuracy and consistency in every piece.

**Customized Solutions for Your Needs:** We understand that every project is unique. Therefore, we offer customized solutions to accommodate your specific needs. Whether you require different thicknesses, sizes, or shapes, our experienced team works closely with you to ensure that your parts are meticulously crafted to match your precise requirements.

**Precision Bending:** Our bending processes deliver precise angles and dimensions, allowing for seamless integration into your assemblies. Whether it involves simple bends or complex geometries, our expertise in precision bending ensures that each part meets the highest standards of quality and performance.

**Expert Stamping:** Our stamping processes create uniform and durable components, ideal for a variety of applications. Whether you need intricate designs or standard shapes, our stamping technology ensures clean and accurate results, providing reliable solutions for your projects.

**Quality Assurance:** Quality is ingrained in our processes. Each part undergoes thorough quality control checks throughout the manufacturing process to ensure precision, accuracy, and durability. With our commitment to excellence, you can trust that your stainless steel galvanized sheet metal parts will meet the highest standards of quality and reliability.

**Versatile Applications:** Our customized bending and stamping processing services find applications across various industries, including construction, automotive, electronics, and more. Whether you need components for structural support, enclosures, brackets, or decorative elements, our parts offer versatility and performance in diverse applications.

**Contact Us Today:** Ready to elevate your projects with customized stainless steel galvanized sheet metal parts? Contact us today to discuss your requirements and discover how we can provide tailored solutions to meet your needs. With our expertise, dedication, and commitment to excellence, we're here to help you achieve your goals with precision and efficiency.
