

Ex-factory price stainless steel products parts sheet metal stamping mould processing part deep drawing parts

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Cost: Affordable
- Processing: Stamping
- Thickness: Customized
- Shape: Customized
- Finish: Smooth
- Size: Customized
- Material: Iron/Steel
- Surface Treatment: Galvanized
- Tolerance: $\pm 0.01\text{mm}$
- Application: Automotive/Construction/Machinery

Product Description

Item	Description
Product Name	Ex-factory price stainless steel products parts sheet metal stamping mould processing part deep drawing parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Enhance your product quality with our ex-factory priced stainless steel parts manufactured through sheet metal stamping, mold processing, and deep drawing techniques. Our expertise lies in delivering high-quality components directly from our factory floor to meet your production needs with efficiency and precision.

Key Features:

Sheet Metal Stamping: Utilizing advanced stamping equipment, we fabricate stainless steel parts with precision and accuracy, ensuring consistent quality and dimensional accuracy for every component.

Mould Processing: Our mold processing capabilities allow for the creation of intricate shapes and designs, enabling the production of custom parts tailored to your specific requirements and specifications.

Deep Drawing: With deep drawing techniques, we form stainless steel sheets into complex shapes and contours, achieving seamless and uniform results for a wide range of applications.

Ex-Factory Price: Benefit from cost savings with our ex-factory pricing model, eliminating intermediaries and offering competitive prices for high-quality stainless steel parts directly from our manufacturing facility.

Advantages of Our Service:

High-Quality Manufacturing: We adhere to strict quality control measures throughout the manufacturing process to ensure that each part meets the highest standards of quality and performance.

Customization Options: Our versatile manufacturing processes allow for customization in terms of material thickness, shape, size, and surface finish, catering to your unique project requirements.

Efficient Production: With streamlined production workflows and advanced machinery, we offer fast turnaround times for your orders, ensuring timely delivery without compromising on quality.

Cost-Effective Solutions: Our ex-factory pricing model provides cost-effective solutions for your stainless steel parts needs, allowing you to optimize your production costs and maximize your profitability.

Applications:

Automotive Industry: Used in automotive components such as brackets, mounts, and housings, where durability, corrosion resistance, and dimensional accuracy are essential.

Electronics and Appliances: Ideal for manufacturing parts for electronic enclosures, appliance components, and consumer electronics, offering both functionality and aesthetics.

Industrial Equipment: Suitable for industrial machinery and equipment components, providing structural integrity, reliability, and longevity in demanding environments.

Why Choose Us?

Expertise and Experience: With years of experience in stainless steel fabrication, we have the expertise to deliver high-quality parts that meet your exact specifications.

State-of-the-Art Equipment: Our modern manufacturing facility is equipped with state-of-the-art machinery and technology, enabling us to produce precise and consistent results.

Customer-Centric Approach: We prioritize customer satisfaction and strive to exceed your expectations with every order, offering responsive communication and personalized service.

Upgrade your products with our ex-factory priced stainless steel parts manufactured through sheet metal stamping, mold processing, and deep drawing techniques. Contact us today to discuss your project requirements and benefit from our expertise and competitive pricing.
