

## Factory customization of various ATM equipment, laser cutting, welding, and bending services for stamping parts

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Durability: Long-lasting
- Strength: High
- Application: Industrial
- Corrosion Resistance: Yes
- Finish: Smooth
- Surface Treatment: Galvanized
- Process: Stamping
- Size: Customized
- Thickness: 0.5-10mm
- Color: Silver
- Tolerance: +/-0.01mm
- Material: Iron/Steel
- Highlight: customization atm metal parts,  
customization stamping metal parts,  
atm stamping metal parts

## Product Description

Item	Description
Product Name	Factory customization of various ATM equipment, laser cutting, welding, and bending services for stamping parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

**Introduction:** Welcome to [DONG FENG SHENG SHI], your trusted partner for factory customization of various ATM equipment. With our comprehensive suite of services including laser cutting, welding, and bending, we offer tailored solutions for stamping parts that meet the stringent requirements of the ATM industry.

**Laser Cutting Expertise:** Our advanced CNC laser cutting technology ensures precise and intricate cuts on a variety of materials used in ATM equipment manufacturing. Whether it's stainless steel, aluminum, or other alloys, our laser cutting services deliver accuracy and consistency for even the most complex designs.

**Welding Excellence:** We specialize in high-quality welding techniques that ensure the structural integrity and longevity of ATM components. Our skilled welders employ both traditional and advanced welding methods to join materials seamlessly, meeting strict industry standards for durability and reliability.

**Bending Services for Stamping Parts:** With our precision bending services, we shape and form stamped parts to exact specifications, ensuring proper fit and functionality within ATM equipment assemblies. Whether it's brackets, enclosures, or structural components, our bending capabilities guarantee precision and consistency in every part.

**Comprehensive Customization:** At [DONG FENG SHENG SHI], we understand the unique requirements of ATM equipment manufacturers. That's why we offer comprehensive customization options for stamping parts, including material selection, thickness variations, surface finishes, and custom designs tailored to your specific needs.

**Quality Assurance:** Quality is our top priority. Every stamped part undergoes rigorous quality control checks throughout the manufacturing process to ensure dimensional accuracy, structural integrity, and adherence to industry standards. With our commitment to excellence, you can trust that each component meets the highest quality standards.

**Applications Across ATM Equipment:** Our customization services cater to a wide range of ATM equipment components, including cash dispenser mechanisms, card reader enclosures, keypad brackets, and security features. Whether you're a manufacturer or distributor, our services enhance the performance and reliability of your ATM systems.

**Environmental Responsibility:** We prioritize sustainability in our operations, minimizing waste and energy consumption through efficient manufacturing processes. Our responsible sourcing practices ensure that materials used in ATM equipment customization meet environmental standards, contributing to a greener future.

**Contact Us:** Ready to enhance your ATM equipment with precision-customized components? Contact [DONG FENG SHENG SHI] today to discuss your project requirements. With our expertise in laser cutting, welding, and bending services for

*stamping parts, we're committed to delivering solutions that exceed your expectations for quality, reliability, and performance. Let us help you elevate your ATM equipment to new heights of excellence.*
