

SKD11 Laser Cutting Galvanized Custom Sheet Metal Stamping Bending Parts Service

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Logo: Customized
- Size: Customized
- Material: Metal
- Mould Material: SKD11, P20/718/738/NAK80/S136
- Finish: Galvanized
- Feature: Small Part, Big Quantity
- Application: Industrial
- Process: High Speed Metal Stamping
- Color: Customized
- Highlight: **Industrial custom sheet metal stamping, SKD11 custom sheet metal stamping, SKD11 custom stamped metal parts**

Product Description

Item	Description
Product Name	SKD11 Laser Cutting Galvanized Custom Sheet Metal Stamping Bending Parts Service
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Precision Sheet Metal Processing Services: Laser Cutting, Galvanized Sheet Metal Stamping, and Bending

Introduction: Welcome to [DONG FENG SHENG SHI], where precision meets performance in sheet metal processing. Our comprehensive suite of services, including laser cutting, galvanized sheet metal stamping, and bending, offers tailored solutions for a wide range of industries and applications.

Cutting-Edge Laser Cutting Technology: Experience the epitome of precision with our advanced CNC laser cutting technology. From intricate designs to complex shapes, our laser cutting services deliver clean, precise cuts on galvanized sheet metal with unmatched accuracy and efficiency, ensuring every component meets your exact specifications.

Durable Galvanized Sheet Metal Stamping: Transforming galvanized sheet metal into durable components is our specialty. With state-of-the-art stamping equipment and skilled artisans, we produce stamped parts with exceptional uniformity and reliability. Our stamping process ensures that each part meets the highest standards of quality and durability, ready to withstand the rigors of your application.

Seamless Bending for Perfect Fit: Our bending services provide the perfect complement to our stamping capabilities. Whether it's simple bends or intricate geometries, we bend sheet metal parts with precision and accuracy, ensuring a seamless fit into your assemblies. With our expertise in bending, we guarantee that every part is accurately formed to meet your project requirements.

Customized Solutions Tailored to You: At [DONG FENG SHENG SHI], we understand that every project is unique. That's why we offer customized solutions tailored to your specific needs. From material selection to surface finishes, we work closely with you to ensure that each component is precisely crafted to meet your exact requirements, delivering results that exceed your expectations.

Quality Assurance at Every Step: Quality is our top priority. From the initial design stage to final inspection, we maintain stringent quality control measures to ensure that every sheet metal part meets the highest standards of excellence. With our commitment to quality assurance, you can trust that your components will perform reliably in any application.

Versatile Applications Across Industries: Our sheet metal processing services cater to a diverse range of industries, including automotive, aerospace, electronics, architecture, and more. Whether you need components for machinery, enclosures for electronics, or structural elements for buildings, we have the expertise and capabilities to meet your needs.

Contact Us Today: Ready to elevate your projects with precision sheet metal processing? Contact [DONG FENG SHENG SHI] today to discuss your requirements and discover how we can provide customized solutions tailored to your needs. With our expertise, dedication, and commitment to excellence, we're here to help you achieve your goals with precision and efficiency.
