

Customized precision stainless steel aluminum galvanized metal stamping parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Surface: Mirror Polishing , Anti-rust
- Product Material: Metal,Steel,Alloy Steel, Aluminum,Brass
- Tolerance: $\pm 0.01\text{mm}$
- Shipping: By Sea, Air Or Express
- Manufacturing Process: Stamping,Progressive Stamping
- Surface Finish: Zinc/chrome/nickel/silver/gold Plating
- Thickness: Customized
- Type: Custom Metal Products
- Material: Metal
- Highlight: **customized atm metal parts, customized stamping metal parts, precision atm metal parts**

Product Description

Item	Description
Product Name	Customized precision stainless steel aluminum galvanized metal stamping parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Custom Precision ATM Sheet Metal Parts: Stainless Steel and Aluminum Fabrication

Upgrade your ATM systems with our custom precision sheet metal parts, meticulously manufactured from stainless steel and aluminum. Engineered for durability, reliability, and precise fitment, our parts ensure optimal performance and longevity in ATM applications.

Key Features:

Stainless Steel and Aluminum Fabrication: Our parts are crafted from high-quality stainless steel and aluminum materials, providing exceptional strength, corrosion resistance, and longevity for reliable performance.

Precision Engineering: Engineered with meticulous attention to detail, our sheet metal parts offer precise fitment and seamless integration into ATM systems, ensuring smooth operation and optimal functionality.

Customization Options: We offer a range of customization options, including material selection, finishes, and dimensions, allowing you to tailor the parts to your specific ATM requirements.

Advantages:

Durability and Reliability: Built to withstand the rigors of ATM operation, our sheet metal parts offer exceptional durability and reliability, ensuring consistent performance even in demanding environments.

Optimal Performance: With precise engineering and manufacturing, our parts ensure optimal performance, contributing to the seamless operation of ATM systems and enhancing user experience.

Corrosion Resistance: The stainless steel and aluminum construction of our parts provides excellent corrosion resistance, ensuring longevity and maintaining aesthetics over time.

Applications:

ATM Systems: Our precision sheet metal parts are specifically designed for ATM systems, including fascias, enclosures, and structural components, ensuring reliable operation and security.

Banking Equipment: Suitable for a wide range of banking equipment, our parts can be used in cash dispensers, deposit machines, and security enclosures, enhancing functionality and security.

Self-Service Kiosks: Ideal for self-service kiosks in banking and retail environments, our parts provide robust construction and precise fitment for seamless integration.

Why Choose Us?

Expertise and Experience: With years of experience in sheet metal fabrication, we have the expertise to deliver high-quality parts that meet the stringent requirements of ATM systems.

State-of-the-Art Facilities: Equipped with advanced machinery and technology, our manufacturing facilities ensure precise and efficient production of sheet metal parts.

Customer-Centric Approach: We prioritize customer satisfaction and strive to exceed expectations by offering personalized service, timely delivery, and responsive support.

Upgrade your ATM systems with our custom precision sheet metal parts manufactured from stainless steel and aluminum. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM installations.
