

## Stamping and bending laser cutting sheet metal parts Smooth stainless steel polishing service

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Surface Treatment: Galvanized
- Material: Iron Steel
- Size: Customized
- Application: Industrial Machinery
- Color: Silver Or Customized
- Thickness: 1mm-10mm
- Finish: Smooth
- Tolerance: +/-0.01mm
- Process: Stamping
- Highlight: laser cutting sheet metal parts smooth , smooth sheet metal laser cutting parts , polishing laser cutting sheet metal parts

## Product Description

Item	Description
Product Name	Stamping and bending laser cutting sheet metal parts Smooth stainless steel polishing service
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

*Experience seamless integration into your projects with our factory direct sales of stamping and bending parts, laser cutting sheet metal parts, and stainless steel polishing service. Crafted with precision and expertise, our components offer durability, reliability, and versatility for a wide range of applications.*

### Key Features:

**Stamping and Bending Parts:** Our advanced stamping and bending techniques ensure precise fabrication of components with accurate dimensions and intricate designs, guaranteeing consistency and quality across every piece.

**Laser Cutting Sheet Metal Parts:** Utilizing state-of-the-art laser cutting technology, we offer precise and intricate cuts on sheet metal, allowing for customized shapes, patterns, and designs according to your specifications.

**Stainless Steel Polishing Service:** Our stainless steel polishing service provides a smooth and glossy finish, enhancing the aesthetics and corrosion resistance of your components, making them suitable for various applications.

### Advantages of Our Service:

**Durable and Reliable:** Built to withstand demanding environments and operating conditions, our components offer durability, reliability, and longevity, ensuring consistent performance over time.

**Versatile Applications:** Whether for automotive, electronics, or industrial applications, our components are suitable for diverse uses, providing versatility and adaptability to various industries.

**Customization Options:** We offer extensive customization options, including material selection, surface finishes, and design modifications, allowing you to tailor the components to meet your specific project requirements.

### Applications:

**Automotive Components:** Ideal for manufacturing brackets, mounts, and structural components for vehicles, ensuring reliability and durability in demanding automotive environments.

**Electronics Enclosures:** Suitable for housing electronic devices, control panels, and instrumentation, our components offer protection and durability in electronic applications.

**Industrial Machinery:** Used in industrial machinery for manufacturing components such as enclosures, frames, and panels, providing robust support and protection in demanding environments.

### Why Choose Us?

**Experience and Expertise:** With years of experience in metal fabrication, our team has the knowledge and expertise to deliver high-quality components that meet your exact specifications and performance requirements.

**State-of-the-Art Facilities:** Our modern fabrication facilities are equipped with advanced machinery and technology, allowing us to execute complex projects with precision and efficiency.

**Customer-Centric Approach:** We prioritize customer satisfaction and strive to exceed your expectations with every order, offering responsive communication, personalized service, and on-time delivery.

*Elevate your projects with our factory direct sales of stamping and bending parts, laser cutting sheet metal parts, and stainless steel polishing service. Contact us today to discuss your requirements and discover how we can help bring your projects to life with precision and reliability.*
