

OEM ODM Metal Case Fabrication Chassis 2mm-12mm Sheetmetal Enclosure

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Size: Customized Size
- Color: Customized Color
- Service: OEM/ODM,OEM,ODM,OEM/ODM/One-Stop Service
- Thickness: 0.5mm~ 16.0mm,2.0mm,0.1mm-12mm/As Per Customers' Require,1.5mm,1-3mm
- Product Name: Sheet Metal Tool Box
- Business Type: Sheet Metal OEM Manufacturer
- Precision: $\pm 0.05-0.1\text{mm}$, $\pm 0.1\text{mm}$, GB/T1804-m
- Highlight: **metal case fabrication chassis, chassis sheetmetal enclosure, 3mm sheetmetal enclosure**

Product Description

Item	Description
Product Name	OEM ODM Metal Case Fabrication Chassis 2mm-12mm Sheetmetal Enclosure
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Metal Case Fabrication: Manufacturer Suppliers for Sheet Metal Parts, Chassis, and Enclosures

Elevate your products with our comprehensive metal case fabrication service, offering high-quality sheet metal parts, chassis, and enclosures. As trusted manufacturer suppliers, we specialize in delivering precision-engineered components tailored to your exact specifications.

Key Features:

Sheet Metal Parts: Our fabrication expertise encompasses a wide range of sheet metal components, including brackets, panels, and covers, crafted with precision and accuracy to meet your design requirements.

Chassis: From small-scale enclosures to large industrial chassis, we offer custom chassis fabrication services, ensuring structural integrity, durability, and compatibility with your equipment.

Enclosures: Our sheet metal enclosures provide robust protection and housing for sensitive electronic components, machinery, and instrumentation, featuring precise dimensions and customizable features.

Manufacturer Suppliers: As dedicated manufacturer suppliers, we ensure consistent quality and reliability in every component we produce, meeting the highest industry standards for performance and durability.

Advantages of Our Service:

Precision Engineering: Our skilled craftsmen and advanced machinery ensure precise fabrication of machine box parts, meeting the strictest tolerances and quality standards for exceptional performance.

Durable and Reliable: Built to withstand the harshest environments and operating conditions, our stainless steel parts offer durability, reliability, and longevity, ensuring consistent performance over time.

Versatile Applications: Whether for industrial machinery, electronic enclosures, or automotive components, our precision parts are suitable for a wide range of applications, providing versatility and adaptability to diverse industries.

Efficient Production: With streamlined production processes and efficient workflows, we offer fast turnaround times without compromising on quality, ensuring that your project stays on schedule and within budget.

Applications:

Electronics: Ideal for housing electronic devices, control panels, and instrumentation, our enclosures provide protection from environmental factors while maintaining accessibility and functionality.

Industrial Machinery: Used in the manufacturing sector for equipment housing, control cabinets, and machinery enclosures, our chassis and enclosures ensure safety, organization, and durability in industrial environments.

Telecommunications: Suitable for telecom infrastructure, networking equipment, and server enclosures, our sheet metal

parts and enclosures offer reliability, security, and scalability for telecommunications applications.

Why Choose Us?

Experience and Expertise: With years of experience in metal fabrication, we have the knowledge and expertise to deliver high-quality components that meet your exact specifications and performance requirements.

State-of-the-Art Facilities: Our modern fabrication facilities are equipped with advanced machinery and technology, allowing us to execute complex projects with precision and efficiency.

Customer-Centric Approach: We prioritize customer satisfaction and strive to exceed your expectations with every order, offering responsive communication, personalized service, and on-time delivery.

Elevate your products with our metal case fabrication services for sheet metal parts, chassis, and enclosures. Contact us today to discuss your project requirements and discover how we can help bring your vision to life with precision and reliability.
