

Top box sheet metal powder coating process metal stamping parts

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Size: Customized Size
- Color: Customized Color
- Logo: Customized
- Material: Stainless Steel, aluminum, Metal/Steel/Aluminum/Stainless Steel
- Product Name: Sheet Metal Tool Box, sheet Metal Fabrication
- Tolerance: 0.01-0.05mm
- Business Type: Sheet Metal OEM Manufacturer
- Precision: $\pm 0.05-0.1$ mm
- Highlight: Set Top Box Sheet Metal Enclosure, 0.01mm Sheet Metal Enclosure Fabrication, 0.05mm Tolerance Metal Enclosure Fabrication

Product Description

Item	Description
Product Name	Top box sheet metal powder coating process metal stamping parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Elevate your set-top box design with our bespoke sheet metal fabrication service, offering tailored solutions for premium metal cases that marry aesthetics with functionality. Whether you're designing a sleek entertainment hub or a robust networking solution, our expertise in custom sheet metal fabrication ensures your set-top box stands out in both form and performance.

Tailored Sheet Metal Fabrication:

At [Your Company Name], we specialize in crafting bespoke metal cases for set-top boxes, tailored to your exact specifications and design requirements. Our experienced team collaborates closely with you to understand your vision and translate it into meticulously crafted metal enclosures that meet and exceed your expectations.

Precision Engineering:

Utilizing state-of-the-art equipment and cutting-edge techniques, we guarantee precision engineering in every aspect of our fabrication process. From laser cutting to CNC punching and bending, our skilled craftsmen ensure flawless execution, delivering metal cases with crisp edges, smooth finishes, and perfect dimensions.

Customization Options:

With our customizable fabrication service, you have full control over every aspect of your set-top box metal case design. Choose from a variety of materials, including aluminum, stainless steel, and galvanized steel, to achieve the desired balance of durability, weight, and aesthetics. Additionally, explore options for surface finishes such as powder coating, anodizing, or silk screening to enhance the appearance and durability of your metal case.

Integrated Features:

Beyond aesthetics, our fabrication service enables seamless integration of functional features into your set-top box metal case design. Whether it's precision-cut slots for ventilation, mounting brackets for internal components, or cable management channels for streamlined connectivity, we ensure every detail is meticulously considered to optimize performance and user experience.

Quality Assurance:

At [Your Company Name], quality is our top priority. Each metal case undergoes rigorous quality control inspections throughout the fabrication process to ensure adherence to the highest standards of craftsmanship and durability. From material selection to final assembly, we strive for excellence in every aspect of our service, providing you with metal cases that not only look impressive but also withstand the test of time.

Applications:

Our custom sheet metal fabrication service for set-top box metal cases caters to a wide range of applications, including:

- Home entertainment systems
- Digital media players
- IPTV and streaming devices
- Cable and satellite receivers
- Networking and communication hubs

Partner with Us:

Experience the difference of premium sheet metal fabrication with [Your Company Name]. Partner with us to transform your set-top box design concepts into reality with metal cases that embody craftsmanship, innovation, and quality.
