

Wholesale price customized ATM equipment precision hardware stamping and forming metal components

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: Carbon Steel, Stainless Steel
Aluminum, SECC-QS1 (according To Customer's Requirements)
- Usage: ATM Machines
- Thickness: 0.5mm~12mm
- Equipments: Stamping/punching Machine, CNC Bending Machine, CNC Laser Cutting Machine, Welding Manipulator
- Inspection: 100% QC As To Each Products
- Highlight: **precision hardware stamping,
customized hardware stamping,
customized stamping metal parts**

Product Description

Item	Description
Product Name	Wholesale price customized ATM equipment precision hardware stamping and forming metal components
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining
Material	carbon steel, Stainless steel Aluminum, SECC-QS1 (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Optimize the efficiency and cost-effectiveness of your ATM systems with our wholesale-priced customization of precision hardware stamping and forming metal parts. As a leading provider of ATM components, we specialize in delivering high-quality solutions meticulously engineered to meet your specific requirements while offering competitive pricing.

Wholesale-Priced Customization:

Take advantage of our wholesale-priced customization options meticulously crafted to meet your exact specifications. With advanced manufacturing techniques, we produce precision hardware stamping and forming metal parts with precise dimensions, intricate designs, and cost-effectiveness, ensuring optimal performance in ATM systems.

Precision Engineering and Manufacturing:

Benefit from our expertise in precision engineering and manufacturing processes that guarantee the highest quality standards for ATM metal parts. Leveraging advanced techniques and machinery, we ensure components with consistent quality, accuracy, and efficiency to meet the demanding requirements of ATM applications.

High-Quality Materials:

Crafted from high-quality materials, our components offer superior strength, resilience, and corrosion resistance. Each part undergoes rigorous quality control measures to ensure compliance with industry standards, guaranteeing reliability and longevity in ATM systems.

Customization Tailored to Your Needs:

Understanding the unique requirements of ATM systems, our team provides flexible customization options for dimensions, designs, and finishes. Whether you need specific configurations for stamping or forming metal parts, we can tailor solutions to meet your exact needs.

Competitive Pricing:

As a trusted provider of ATM components, we offer competitive wholesale pricing for our precision hardware stamping and forming metal parts. Our efficient manufacturing processes and economies of scale enable us to provide cost-effective solutions without compromising on quality.

Trusted Provider in the Industry:

With years of experience and a proven track record, we are a trusted provider of ATM components known for our commitment to quality, reliability, and customer satisfaction. Our precision-engineered components are trusted by ATM manufacturers and

operators worldwide.

Upgrade your ATM systems with our precision-engineered components at wholesale prices. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM machines.
