| Surface Treatment | Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc. |
| Packing | Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case |
| Application | Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments |
| Equipments | stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator |
| Thickness | 0.5mm~12mm |
| File Format | Solidworks, Pro/Engineer, Auto CAD, PDF, JPG |
| Service | Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions. |
| Inspection | 100% QC as to each products |

Elevate the performance and reliability of your ATM systems with our professional ATM metal parts manufactured to strict control standards in SHENZHEN. As a trusted provider of ATM components, we specialize in delivering high-quality solutions meticulously engineered to meet industry standards while offering exceptional service from our facilities in SHENZHEN.

Professional ATM Metal Parts:

Benefit from our expertise in crafting professional ATM metal parts designed to meet the rigorous demands of the banking industry. Our components undergo stringent quality control measures to ensure optimal performance, reliability, and compliance with industry standards.

Precision Engineering and Manufacturing:

Experience precision engineering and manufacturing processes that guarantee the highest quality standards for ATM metal parts. Leveraging advanced techniques and machinery, we produce components with consistent quality, accuracy, and efficiency to meet the demanding requirements of ATM systems.

Compliance with Control Standards:

Our ATM metal parts are manufactured in accordance with strict control standards to ensure reliability and safety in banking environments. Each component is meticulously inspected and tested to meet or exceed industry regulations, providing peace of mind for ATM operators and users alike.

Located in SHENZHEN:

Sourced from our facilities in SHENZHEN, our ATM metal parts benefit from the region's reputation for advanced manufacturing capabilities and technological expertise. We leverage the infrastructure and resources available in SHENZHEN to deliver superior quality components to our clients worldwide.

Customization and Tailored Solutions:

Understanding the unique requirements of ATM systems, our team provides customized solutions tailored to your specific needs. Whether you require custom dimensions, designs, or finishes, we work closely with you to ensure that each component meets your exact specifications and integrates seamlessly into your ATM systems.

Trusted Provider in the Industry:

As a trusted provider of ATM components, we are committed to delivering exceptional products and services that exceed customer expectations. With our professional ATM metal parts manufactured to control standards in SHENZHEN, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our precision-engineered components manufactured in SHENZHEN. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM machines.
