

Metal laser cutting parts Stamping parts Customized sheet metal manufacturing parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Color: Silver Or Customized
- Corrosion Resistance: Yes
- Material: SECC-QS1
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High

Product Description

Item	Description
Product Name	Metal laser cutting parts Stamping parts Customized sheet metal manufacturing parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Elevate the efficiency and precision of your ATM systems with our metal laser cutting parts, stamping parts, and customized sheet metal manufacturing components. As a trusted provider of ATM components, we specialize in delivering high-quality solutions meticulously engineered to meet your specific requirements.

Metal Laser Cutting Parts:

Our metal laser cutting parts are crafted with precision engineering to ensure optimal functionality and seamless integration into ATM systems. Utilizing advanced laser cutting technology, we produce components with intricate detailing and accuracy, ensuring superior performance and reliability.

Stamping Parts Expertise:

Benefit from our expertise in stamping parts manufacturing, where precision meets durability. Our stamped components are meticulously crafted to exact specifications, offering consistent quality and reliability for critical ATM applications.

Customized Sheet Metal Manufacturing:

With our customized sheet metal manufacturing capabilities, we produce components tailored to your unique requirements. Whether it's enclosures, brackets, or panels, our sheet metal parts are engineered for precision and durability, ensuring long-term performance in ATM systems.

High-Quality Materials:

Crafted from high-quality metal materials, our components offer superior strength, resilience, and corrosion resistance. Whether stainless steel, aluminum, or other alloys, our metal parts are engineered to withstand the rigors of ATM environments, ensuring longevity and reliability.

Rigorous Quality Control Measures:

Quality is our top priority, and we adhere to stringent quality control measures throughout the manufacturing process. Each component undergoes comprehensive inspection and testing to ensure compliance with industry standards, guaranteeing reliability and durability in ATM systems.

Customization Tailored to Your Needs:

We understand that every ATM system has unique requirements. Our team works closely with you to understand your needs

and preferences, offering flexible customization options for dimensions, designs, and finishes. This ensures that each component meets your expectations and integrates seamlessly into your ATM systems.

Trusted Provider of ATM Components:

As a trusted provider of ATM components, we are committed to delivering exceptional products and services that exceed customer expectations. With our metal laser cutting parts, stamping parts, and customized sheet metal manufacturing components, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our precision-engineered components. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM machines.
