

SECC-QS1 Sheet metal custom stamping parts metal shell deep drawing parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: SECC-QS1 Or Customer
- Durability: High
- Usage: ATM Machines
- Thickness: 0.5mm~12mm
- Working Process: Blanking, Stamping, Punching, Deep Drawing, Bending, Coining, Curling, Forming, Threading, welding, Tapping, Riveting, Cnc Machining, CNC Milling
- Highlight: **secc atm metal parts, secc-qs1 atm metal parts, secc stamping metal parts**

Product Description

Item	Description
Product Name	metal sheet drilling customized parts stamping and bending parts metal shell deep drawing parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	Stainless steel Aluminum, copper, brass, SECC-QS1 (according to customer's requirements)
Surface Treatment	Galvanized, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Maximize the efficiency and cost-effectiveness of your ATM systems with our wholesale-priced metal sheet drilling customized parts, stamping and bending parts, and metal shell deep drawing components. As a trusted provider of ATM components, we specialize in delivering high-quality solutions meticulously engineered to meet your specific requirements.

Wholesale-Priced Metal Sheet Drilling Customized Parts:

Benefit from our wholesale-priced metal sheet drilling customized parts, meticulously engineered to suit your precise specifications. With our advanced drilling technology and expertise, we produce components with precision, accuracy, and cost-effectiveness, ensuring optimal performance in ATM systems.

Precision Stamping and Bending Parts:

Our precision stamping and bending parts are crafted with meticulous attention to detail, ensuring superior functionality and reliability. Utilizing advanced stamping and bending techniques, we produce components with precise dimensions and intricate designs, meeting the stringent demands of ATM applications.

Metal Shell Deep Drawing Components:

Experience enhanced durability and resilience with our metal shell deep drawing components. Designed to withstand the rigors of ATM environments, our deep-drawn shells offer superior strength and protection for internal components, ensuring long-term performance and reliability.

High-Quality Materials:

Crafted from high-quality metal materials, our components offer superior strength, resilience, and corrosion resistance. Whether stainless steel, aluminum, or other alloys, our metal parts are engineered to withstand the demanding conditions of ATM systems, ensuring longevity and reliability.

Rigorous Quality Control Measures:

Quality is our top priority, and we adhere to stringent quality control measures throughout the manufacturing process. Each component undergoes comprehensive inspection and testing to ensure compliance with industry standards, guaranteeing reliability and durability in ATM systems.

Customization Tailored to Your Needs:

We understand that every ATM system has unique requirements. Our team works closely with you to understand your needs and preferences, offering flexible customization options for dimensions, designs, and finishes. This ensures that each

component meets your expectations and integrates seamlessly into your ATM systems.

Trusted Provider of ATM Components:

As a trusted provider of ATM components, we are committed to delivering exceptional products and services that exceed customer expectations. With our wholesale-priced metal sheet drilling customized parts, stamping and bending parts, and metal shell deep drawing components, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our precision-engineered components. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM machines.
