

## customization of aluminum bending parts, sheet metal parts, galvanized precision manufacturing, stamping

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Surface Treatment: Galvanized, Zinc, Nickel, Chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, Etc.
- Corrosion Resistance: Yes
- Material: SECC-QS1 (according To Customer's Requirements)
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High

## Product Description

Item	Description
Product Name	customization of aluminum bending parts, sheet metal parts, galvanized precision manufacturing, stamping
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting
Material	Stainless steel Aluminum, copper, brass, SECC-QS1 (according to customer's requirements)
Surface Treatment	Galvanized, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

*Boost the efficiency and affordability of your ATM systems with our wholesale-priced customization of aluminum bending parts, sheet metal parts, galvanized precision manufacturing, and stamping services. As a trusted provider of ATM components, we specialize in delivering high-quality solutions meticulously tailored to meet your specific requirements while offering competitive pricing.*

### **Wholesale-Priced Aluminum Bending Parts:**

*Take advantage of our wholesale-priced aluminum bending parts, meticulously crafted to your precise specifications. Utilizing advanced bending techniques and expertise, we produce components with accurate dimensions, intricate designs, and cost-effectiveness, ensuring optimal performance in ATM systems.*

### **Precision Sheet Metal Parts:**

*Our precision sheet metal parts are engineered with meticulous attention to detail, ensuring superior functionality and reliability. Leveraging advanced manufacturing processes, we produce components with precise dimensions and intricate designs to meet the demanding requirements of ATM applications.*

### **Galvanized Precision Manufacturing:**

*Experience enhanced durability and corrosion resistance with our galvanized precision manufacturing services. Our components are meticulously manufactured using galvanized materials, offering superior protection against rust and corrosion in ATM environments, ensuring longevity and reliability.*

### **Expert Stamping Services:**

*Benefit from our expert stamping services, where precision meets efficiency. With advanced stamping techniques and machinery, we produce components with consistent quality, accuracy, and cost-effectiveness, meeting the stringent demands of ATM applications.*

### **High-Quality Materials:**

*Crafted from high-quality materials, our components offer superior strength, resilience, and corrosion resistance. Whether aluminum, galvanized steel, or other alloys, our parts are engineered to withstand the harsh conditions of ATM environments, ensuring long-term performance and reliability.*

### **Rigorous Quality Control Measures:**

Quality is our top priority, and we adhere to stringent quality control measures throughout the manufacturing process. Each component undergoes comprehensive inspection and testing to ensure compliance with industry standards, guaranteeing reliability and durability in ATM systems.

#### **Customization Tailored to Your Needs:**

We understand that every ATM system has unique requirements. Our team works closely with you to understand your needs and preferences, offering flexible customization options for dimensions, designs, and finishes. This ensures that each component meets your expectations and integrates seamlessly into your ATM systems.

#### **Trusted Provider of ATM Components:**

As a trusted provider of ATM components, we are committed to delivering exceptional products and services that exceed customer expectations. With our wholesale-priced customization of aluminum bending parts, sheet metal parts, galvanized precision manufacturing, and stamping services, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our precision-engineered components. Contact us today to discuss your requirements and discover how our solutions can enhance the performance and reliability of your ATM machines.
