

Customized precision hardware ATM parts stainless steel aluminum stamping metal stamping

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: Carbon Steel, Stainless Steel Aluminum, Copper, Brass, SECC-QS1 (according To Customer's Requirements)
- Surface Treatment: Galvanized, Nickel, Chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, Etc.
- Working Process: Blanking, Stamping, Punching, Deep Drawing, Bending, Coining, Curling, Forming, Threading, welding, Tapping, Riveting, Cnc Machining
- Equipments: Stamping/punching Machine, CNC Bending Machine, CNC Laser Cutting Machine, 5-250T Punching Machines
- Inspection: 100% QC As To Each Products
- Highlight: **atm parts stainless steel, customized atm parts, customized atm metal parts**

Product Description

Item	Description
Product Name	Customized precision hardware ATM parts stainless steel aluminum stamping metal stamping
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining
Material	carbon steel, Stainless steel Aluminum, copper, brass, SECC-QS1 (according to customer's requirements)
Surface Treatment	Galvanized, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Elevate the performance and reliability of your ATM systems with our precision-crafted hardware ATM parts, meticulously manufactured from stainless steel and aluminum using advanced metal stamping techniques. As a trusted provider of ATM components, we specialize in delivering high-quality, customized solutions tailored to your specific requirements.

Precision Metal Stamping Excellence:

At our cutting-edge manufacturing facility, we utilize state-of-the-art metal stamping technology to achieve precision and accuracy in every component. Our advanced machinery enables us to produce intricate designs and fine details, ensuring optimal functionality and durability in ATM systems.

Durable Stainless Steel and Aluminum Construction:

Our hardware ATM parts are crafted from high-grade stainless steel and aluminum materials known for their durability, corrosion resistance, and longevity. Whether it's enclosures, fascias, or internal components, our stainless steel and aluminum parts offer exceptional strength and reliability in demanding ATM environments.

Customized Solutions:

We understand that every ATM system has unique requirements, which is why we offer customized solutions to meet your specific needs. Whether you require precise dimensions, complex designs, or specific surface finishes, our team can tailor each stainless steel and aluminum part to your exact specifications.

Rigorous Quality Control:

Quality is paramount in everything we do, and we adhere to rigorous quality control measures throughout the manufacturing process. Each stainless steel and aluminum part undergoes comprehensive inspection and testing to ensure compliance with industry standards, guaranteeing reliability and durability in ATM systems.

Expert Engineering Support:

Our team of experienced engineers and technicians is dedicated to providing expert support and guidance at every stage of your project. From initial concept to final delivery, we work closely with you to ensure that your customized hardware ATM parts meet your requirements and exceed your expectations.

Trusted Supplier:

As a trusted supplier of ATM components, we are committed to delivering exceptional products and services that exceed

customer expectations. With our precision-crafted hardware ATM parts made from stainless steel and aluminum stamping, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our precision-crafted hardware ATM parts made from stainless steel and aluminum stamping. Contact us today to discuss your requirements and discover how our high-quality, customized solutions can enhance the performance and reliability of your ATM machines.
