

Customized SECC-QS1ATM parts stainless steel metal stamping components

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Corrosion Resistance: Yes
- Material: SECC-QS1
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High
- Highlight: customized atm metal parts,
customized stamping metal parts,
secc atm metal parts

Product Description

Item	Description
Product Name	Customized SECC-QS1ATM parts stainless steel metal stamping components
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Superior Laser Cutting and Metal Stamping Expertise:

Benefit from our industry-leading expertise in laser cutting and metal stamping. Our precision-engineered processes ensure intricate detailing and accuracy in every ATM part. Whether it's complex enclosures or delicate internal components, our advanced techniques guarantee optimal performance and seamless integration.

High-Quality Materials for Longevity:

Our commitment to durability is reflected in the materials we use. With premium stainless steel and aluminum construction, our ATM parts offer exceptional strength and resilience against corrosion and wear. You can rely on our components to withstand the rigors of continuous operation in ATM systems.

Streamlined Manufacturing for Cost Savings:

We understand the importance of cost-effectiveness without compromising quality. Our streamlined manufacturing processes optimize efficiency, allowing us to offer competitive pricing on customized ATM parts. Experience savings without sacrificing the reliability and precision your ATM systems demand.

Customization Tailored to Your Needs:

Tailor-made solutions are at the heart of our approach. Whether you require specific dimensions, unique designs, or specialized finishes, our team is dedicated to bringing your vision to life. Our flexible customization options ensure that each ATM part meets your exact requirements and specifications.

Stringent Quality Assurance Measures:

Quality assurance is paramount in our operations. Each ATM part undergoes rigorous testing and inspection to meet stringent industry standards. From dimensional accuracy to surface finish, we uphold the highest levels of quality, ensuring that every component delivers consistent performance and reliability.

Collaborative Support Throughout Your Project:

Count on our team of experienced professionals to support you at every stage of your project. From initial consultation to final delivery, we collaborate closely with you to understand your needs and provide expert guidance and assistance. Your satisfaction and success are our top priorities.

Trusted Partnership for Long-Term Success:

Partner with us for a trusted relationship built on reliability and excellence. As your dedicated provider of customized ATM parts, we are committed to delivering solutions that exceed your expectations and contribute to the long-term success of your ATM systems.

Upgrade your ATM systems with our superior-quality, customized ATM parts. Contact us today to explore how our advanced laser cutting, metal stamping, and welding manufacturing capabilities can elevate the performance, durability, and cost-effectiveness of your ATM machines.
