

Metal Precision ATM Parts Galvanized Sheet Metal Parts Professional Manufacturing

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Corrosion Resistance: Yes
- Material: SECC-QS1
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High
- Highlight: **Metal Precision ATM Parts,
ATM Parts Galvanized Sheet Metal,
ATM Parts Professional Manufacturing**

Product Description

Item	Description
Product Name	Metal Precision ATM Parts Galvanized Sheet Metal Parts Professional Manufacturing
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Elevate the efficiency and reliability of your ATM systems with our range of metal precision ATM parts, expertly crafted from galvanized sheet metal and stainless steel through professional stamping manufacturing. As a leading provider of ATM components, we specialize in delivering high-quality, precision-engineered solutions tailored to meet your exact specifications.

Precision Engineering for Optimal Performance:

Our metal precision ATM parts are meticulously manufactured using advanced techniques and machinery, ensuring unparalleled precision and accuracy. From intricate components to robust enclosures, each part is crafted to seamlessly integrate and optimize the performance of your ATM systems.

Durable Galvanized Sheet Metal and Stainless Steel Construction:

Crafted from premium galvanized sheet metal and stainless steel, our ATM parts offer exceptional durability, corrosion resistance, and longevity. Whether it's fascias, card readers, or internal components, our parts are designed to withstand the demanding conditions of ATM environments.

Professional Stamping Manufacturing for Consistency:

With our professional stamping manufacturing processes, we ensure consistency and uniformity across all components. Our stamping techniques guarantee precise dimensions, smooth finishes, and reliable performance, meeting the highest standards of quality and reliability in ATM systems.

Customized Solutions Tailored to Your Needs:

We understand that every ATM system is unique, which is why we offer customized solutions tailored to your specific requirements. Whether you need custom dimensions, complex designs, or specialized finishes, our team can accommodate your needs and deliver ATM parts that exceed your expectations.

Rigorous Quality Control Measures:

Quality is our top priority, and we adhere to rigorous quality control measures throughout the manufacturing process. Each ATM part undergoes comprehensive inspection and testing to ensure compliance with industry standards, providing you with reliable and durable components that meet your performance requirements.

Expert Manufacturing Support:

Our team of experienced engineers and technicians is dedicated to providing expert manufacturing support at every stage of your project. From initial concept to final delivery, we collaborate closely with you to ensure that your customized ATM parts meet your specifications and project objectives.

Trusted Provider of ATM Components:

As a trusted provider of ATM components, we are committed to delivering exceptional products and services that exceed customer expectations. With our metal precision ATM parts crafted from galvanized sheet metal and stainless steel stamping, you can trust us to provide reliable solutions for your ATM systems.

Upgrade your ATM systems with our metal precision ATM parts crafted from galvanized sheet metal and stainless steel stamping. Contact us today to discuss your requirements and discover how our high-quality, precision-engineered solutions can enhance the performance and reliability of your ATM machines.
