

OEM ATM Parts Metal Plates Stamped Atm Machine Hardware Components

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Color: Silver Or Customized
- Corrosion Resistance: Yes
- Material: SECC-QS1
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High
- Highlight: **OEM ATM Parts Metal Plates,
Stamped Atm Machine Hardware Components,
OEM Atm Machine Hardware Components**

Product Description

Item	Description
Product Name	OEM ATM Parts Metal Plates Stamped Atm Machine Hardware Components
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

OEM processing of customized metal plates, ATM parts, hardware stamping parts

Elevate the functionality and reliability of your ATM systems with our OEM processing of customized metal plates, ATM parts, and hardware stamping components. As your trusted partner in ATM component provision, we specialize in delivering high-quality, tailor-made solutions that meet your precise requirements and specifications.

Comprehensive OEM Processing Expertise:

Our OEM processing capabilities cover a wide range of customized metal plates, ATM parts, and hardware stamping components. Whether you require robust enclosures, intricate fascias, or precision internal components, we have the expertise and resources to fulfill your unique needs.

Precision Engineering for Optimal Performance:

Each component undergoes meticulous precision engineering to ensure optimal performance and reliability in ATM systems. Our advanced manufacturing techniques and machinery guarantee precise dimensions, smooth finishes, and consistent quality across all components.

Durable and Reliable Materials:

Crafted from durable materials such as stainless steel, galvanized steel, and aluminum, our ATM parts are built to withstand the rigors of continuous operation in demanding environments. These materials offer excellent corrosion resistance, ensuring longevity and durability in ATM systems.

Customization Tailored to Your Specifications:

We understand the importance of customization in meeting your specific requirements. Our team works closely with you to understand your needs and preferences, offering flexible customization options for size, shape, material, and finish. This ensures that each component aligns perfectly with your ATM system design.

Stringent Quality Control Measures:

Quality control is a top priority in our manufacturing process. We adhere to stringent quality control measures to ensure that every component meets the highest standards of quality and reliability. Rigorous inspection and testing procedures are conducted at each stage of production to guarantee consistency and performance.

Collaborative Partnership and Support:

Partnering with us means gaining access to collaborative support and expertise throughout your project. Our team of experienced engineers and technicians is dedicated to providing expert guidance and assistance, from initial concept development to final product delivery, ensuring that your expectations are met and exceeded.

Trusted OEM Provider:

As a trusted OEM provider of customized metal plates, ATM parts, and hardware stamping components, we are committed to delivering exceptional products and services that exceed your expectations. With our dedication to quality, reliability, and customer satisfaction, you can trust us to be your reliable partner in ATM component provision.

Upgrade your ATM systems with our OEM processing of customized metal plates, ATM parts, and hardware stamping components. Contact us today to discuss your requirements and discover how our high-quality, tailor-made solutions can enhance the performance and reliability of your ATM machines.
