

## SUS304-CP-2B Customize ATM Precision Parts Hardware Stamping And Riveting Assembly Parts

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Corrosion Resistance: Yes
- Material: SUS304-CP-2B
- Rivet Material: SUM22D
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High
- Highlight: **Customize ATM Precision Parts,  
ATM Hardware Stamping And Riveting**

## Product Description

Item	Description
Product Name	SUS304-CP-2B Customize ATM Precision Parts Hardware Stamping And Riveting Assembly Parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

*Elevate your ATM systems with our professional factory's precision-customized parts, meticulously crafted for seamless integration and optimal performance. Our hardware solutions, including precision parts, hardware stamping, and riveting assembly components, are engineered to meet the exacting requirements of ATM systems in banking environments.*

### Key Features:

**Precision Customization:** Tailored to your specifications, our parts ensure precise alignment, compatibility, and functionality with ATM equipment, guaranteeing seamless integration and reliable performance.

**Advanced Manufacturing:** Utilizing state-of-the-art techniques in hardware stamping and riveting assembly, our components are engineered for superior strength, stability, and durability, ensuring long-term reliability in ATM systems.

**Diverse Applications:** Our precision parts and hardware solutions are versatile and suitable for various ATM components, including enclosures, fascias, card readers, cash dispensers, and more.

**Quality Assurance:** Manufactured in our professional factory under stringent quality control measures, our parts undergo rigorous inspection and testing to meet the highest industry standards for performance and reliability.

**Cost-Effective Solutions:** We offer competitive pricing and bulk ordering options, providing cost-effective solutions for ATM equipment manufacturers and banking institutions without compromising on quality.

### Advantages:

**Reliability and Durability:** Built to withstand the demanding requirements of ATM environments, our precision parts and hardware solutions deliver reliable operation and longevity, minimizing maintenance costs and downtime.

**Customization Flexibility:** Enjoy a range of customization options for size, shape, and finish, allowing you to tailor our components to your specific project requirements and design preferences.

**Ease of Installation:** Designed for hassle-free installation, our components come with pre-drilled holes and mounting hardware, facilitating quick setup and reducing installation time.

**Expert Engineering:** Backed by our team of skilled engineers and technicians, we ensure precision engineering and meticulous attention to detail in every component we produce.

**Versatility:** Our hardware solutions cater to a wide range of ATM systems and applications, providing versatile options for enhancing functionality and aesthetics.

### Applications:

**ATM Systems:** Our precision parts and hardware solutions are specifically designed for ATM systems, offering reliable operation, compatibility, and performance across various ATM components.

### Get in Touch:

*Upgrade your ATM systems with our precision-customized parts and hardware solutions. Contact us today to discuss your requirements and explore how our high-quality components can enhance the performance and reliability of your ATM machines.*
