

## Stamping ATM Machine Components Riveting Assembly SUM22D ATM Metal Parts

Our Product Introduction

for more products please visit us on [metalstamp-parts.com](http://metalstamp-parts.com)

### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

### Product Specification

- Corrosion Resistance: Yes
- Material: SECC-QS1
- Rivet Material: SUM22D
- Durability: High
- Usage: ATM Machines
- Size: Customized
- Precision: High
- Highlight: **Stamping ATM Machine Components,  
ATM Machine Components Riveting Assembly,  
SUM22D ATM Metal Parts**

## Product Description

Item	Description
Product Name	Stamping ATM Machine Components Riveting Assembly SUM22D ATM Metal Parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, SECC-QS1, SUM22D (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine,
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

*Elevate your ATM equipment with our professional factory-customized galvanized sheet manufacturing hardware, meticulously crafted for precision and durability. Our stamping and riveting assembly parts offer superior functionality, reliability, and compatibility with ATM systems, ensuring optimal performance for banking environments.*

### Key Features:

**Professional Factory Customization:** Our parts are tailored to meet your exact specifications and requirements, ensuring seamless integration and optimal performance in ATM equipment.

**Galvanized Sheet Manufacturing:** Crafted from high-quality galvanized sheet metal, our hardware parts boast excellent corrosion resistance and durability, guaranteeing longevity and reliability in banking environments.

**Stamping and Riveting Assembly:** Utilizing advanced stamping and riveting techniques, our parts are precision-engineered for seamless assembly and robust performance in ATM systems.

**Precision and Durability:** Engineered with meticulous attention to detail, our parts offer precise alignment and exceptional durability, ensuring reliable operation over extended periods.

**Compatibility:** Designed to meet industry standards, our hardware parts are compatible with a wide range of ATM systems, providing versatile solutions for banking applications.

### Advantages:

**Reliability and Performance:** Our hardware parts are built to withstand the demanding requirements of ATM environments, delivering reliable operation and optimal performance.

**Customization Options:** Benefit from a range of customization options for size, shape, and finish, allowing you to tailor our parts to your specific project needs and design preferences.

**Cost-Effective Solutions:** With competitive pricing and bulk ordering options, our hardware parts provide cost-effective solutions for ATM equipment manufacturers and banking institutions.

**Easy Installation:** Designed for hassle-free installation, our parts come with pre-drilled holes and mounting hardware, facilitating quick setup and minimizing downtime.

**Quality Assurance:** Manufactured in our professional factory under strict quality control measures, our hardware parts meet the highest standards of quality and reliability.

### Applications:

**ATM Systems:** Our hardware parts are specifically designed for ATM systems, including enclosures, fascias, card readers, cash dispensers, and more, ensuring reliable operation and compatibility with leading ATM brands.

### Get in Touch:

*Upgrade your ATM equipment with our professional factory-customized galvanized sheet manufacturing hardware. Contact us today to discuss your requirements and discover how our precision-engineered stamping and riveting assembly parts can enhance the performance and reliability of your ATM systems.*
