

Professional precision hinge manufacturing stainless steel customized parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Materia: SUS304
- Thickness: Customized
- Dimension: Customized
- Axes: Customized
- Surface Finish: Customized
- Application: ATM Cabinet Connection Accessories, Suitable For Various Types Of Cabinets Such As Distribution Cabinets, Communication Cabinets, Instrument Boxes, Control Boxes, Etc
- Type: Furniture Hinge
- Highlight: **Opposite Hinge Fabrication, Hinge Fabrication Stainless Steel, Galvanized Hinge Fabrication**

Product Description

Item	Description
Product Name	Professional precision hinge manufacturing stainless steel customized parts
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Enhance your projects with our wholesale-priced stainless steel galvanized sheet customized parts, featuring the precision-engineered opposite hinge design. Meticulously crafted to meet your specifications, these hinges offer exceptional durability, functionality, and affordability for a wide range of applications.

Key Features:

Stainless Steel Galvanized Sheet Construction: Crafted from high-quality stainless steel galvanized sheet metal, our customized parts boast superior corrosion resistance and durability, ensuring long-lasting performance in various environments.

Precision Engineering: Our hinges are engineered with precision and attention to detail, ensuring seamless operation, precise alignment, and optimal functionality for your projects.

Opposite Hinge Design: Designed to complement each other perfectly, our opposite hinges provide secure fastening and smooth movement, ensuring stable and reliable operation in doors, cabinets, and other fixtures.

Wholesale Pricing: Available at wholesale prices, our customized parts offer cost-effective solutions for large-scale projects, providing excellent value without compromising on quality.

Versatile Applications: Suitable for a variety of applications, including residential, commercial, and industrial settings, our hinges provide reliable support and motion control for diverse projects.

Advantages:

Exceptional Durability: Built to withstand heavy loads and frequent use, our stainless steel hinges offer long-lasting durability and reliability, ensuring years of trouble-free operation.

Smooth Operation: Engineered for smooth and silent movement, our hinges deliver controlled motion and precise alignment, enhancing the functionality and aesthetics of your projects.

Corrosion Resistance: With their stainless steel construction and galvanized sheet coating, our parts are resistant to rust, corrosion, and staining, ensuring they maintain their integrity and appearance over time.

Cost-Effective Solutions: With wholesale pricing options, our hinges provide cost-effective solutions tailored to your project needs, helping you save on expenses without compromising on quality.

Easy Installation: Designed for easy installation, our hinges come with pre-drilled holes and mounting hardware, allowing for quick and hassle-free setup in various applications.

Applications:

Residential: Ideal for use in residential doors, cabinets, and furniture, our hinges provide reliable support and smooth movement for improved functionality and aesthetics.

Commercial: Trusted by commercial establishments, our hinges offer secure fastening and precise alignment for doors, gates, and access panels, ensuring safety and security.

Industrial: Suitable for industrial applications such as machinery, equipment, and enclosures, our hinges provide stable support and motion control for heavy-duty use.

Get in Touch:

Upgrade your projects with our wholesale-priced stainless steel galvanized sheet customized parts. Contact us today to discuss your requirements and explore how our precision-engineered opposite hinges can enhance the performance and durability of your applications.
