

## Precision Custom Hinge Fabrication Stainless Steel Galvanized Sheet

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Materia: SUS304
- Thickness: Customized
- Dimension: Customized
- Application: ATM Cabinet Connection Accessories, Suitable For Various Types Of Cabinets Such As Distribution Cabinets, Communication Cabinets, Instrument Boxes, Control Boxes, Etc
- Type: Furniture Hinge, left And Right, Short Arm Hinge
- Highlight: **Precision Custom Hinge Fabrication, Stainless Steel Custom Hinge Fabrication, Galvanized Sheet Hinge Fabrication**

## Product Description

Item	Description
Product Name	Precision Custom Hinge Fabrication Stainless Steel Galvanized Sheet
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

*Elevate your ATM equipment with precision-engineered stainless steel galvanized sheet customized parts, meticulously manufactured by our professional factory. Our opposite parts provide superior durability, functionality, and precision, ensuring optimal performance for ATM systems and related equipment.*

### Key Features:

**Stainless Steel Galvanized Sheet Construction:** Crafted from high-quality stainless steel galvanized sheet metal, our customized parts offer exceptional corrosion resistance and durability, ensuring longevity and reliability in ATM environments.

**Customized Precision Engineering:** Our parts are meticulously engineered to meet the exact specifications and requirements of ATM equipment, providing a perfect fit and seamless integration for enhanced functionality.

**Professional Factory Manufacturing:** Produced in our state-of-the-art factory, our parts undergo rigorous quality control measures to ensure precision, consistency, and reliability in every component.

**Opposite Parts Design:** Designed to complement each other seamlessly, our opposite parts offer precise alignment and secure fastening, ensuring stable and reliable operation in ATM systems.

**Versatile Applications:** Suitable for various ATM systems and equipment, our customized parts provide reliable performance and compatibility with leading industry standards.

### Advantages:

**Superior Quality:** Built to withstand the demands of ATM environments, our stainless steel galvanized sheet parts offer exceptional durability, reliability, and longevity, ensuring uninterrupted operation.

**Precision Engineering:** Engineered with precision and accuracy, our customized parts deliver smooth operation, precise alignment, and optimal functionality, enhancing the overall performance of ATM systems.

**Corrosion Resistance:** Thanks to their stainless steel construction and galvanized sheet coating, our parts are resistant to rust, corrosion, and wear, ensuring they maintain their integrity and appearance over time.

**Professional Manufacturing:** With our professional factory manufacturing capabilities, we provide high-quality parts that meet the stringent requirements of the ATM industry, ensuring superior performance and reliability.

**Cost-Effective Solutions:** By offering competitive pricing and customization options, we provide cost-effective solutions tailored to your project needs, ensuring excellent value for your investment in ATM equipment components.

### Applications:

**ATM Systems:** Our precision-engineered parts are specifically designed for ATM systems, including enclosures, fascias, card readers, cash dispensers, and more, ensuring reliable operation and compatibility with leading ATM brands.

### Get in Touch:

*Upgrade your ATM equipment with our stainless steel galvanized sheet customized precision parts. Contact us today to discuss your requirements and explore how our professional factory-manufactured components can enhance the performance and reliability of your ATM systems.*
