

Leaf Shaped Sheet Metal Hinge SS304 SS316 Hinge Sheet Metal

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: SUS304
- Thickness: Customized
- Dimension: Customized
- Axes: Customized
- Surface Finish: Customized
- Application: ATM Cabinet Connection Accessories, Suitable For Various Types Of Cabinets Such As Distribution Cabinets, Communication Cabinets, Instrument Boxes, Control Boxes, Etc
- Highlight: **Leaf Shaped Sheet Metal Hinge, Ss304 Hinge Sheet Metal, Ss316 Hinge Sheet Metal**

Product Description

Item	Description
Product Name	Leaf Shaped Sheet Metal Hinge SS304 SS316 Hinge Sheet Metal
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Enhance your projects with our meticulously crafted 304 and 316 stainless steel customized parts, including small sheet metal parts and leaf-shaped hinges. Engineered for precision and durability, these components offer superior performance and versatility for a wide range of applications.

Key Features:

304 and 316 Stainless Steel Construction: Crafted from high-quality 304 and 316 stainless steel, our customized parts ensure exceptional corrosion resistance, making them ideal for both indoor and outdoor use.

Small Sheet Metal Parts: Our small sheet metal parts are precision-manufactured to meet your exact specifications, ensuring a perfect fit and seamless integration into your projects.

Leaf-Shaped Hinges: Designed in a leaf-shaped configuration, our hinges offer smooth and controlled movement, providing reliable support and motion control for doors, cabinets, and other fixtures.

Customization Options: We offer a range of customization options for size, shape, and finish, allowing you to tailor our components to your specific project requirements and design preferences.

Versatile Applications: Suitable for various industries and applications, including construction, automotive, marine, and more, our customized parts provide reliable performance and durability in diverse environments.

Advantages:

Superior Quality: Our 304 and 316 stainless steel parts are built to last, offering exceptional durability, reliability, and longevity for your projects.

Precision Engineering: Engineered with precision and attention to detail, our components deliver smooth operation, precise fit, and optimal functionality, enhancing the overall performance of your applications.

Corrosion Resistance: Thanks to their stainless steel construction, our parts are resistant to rust, corrosion, and staining, ensuring they maintain their appearance and integrity over time.

Cost-Effective Solutions: With competitive pricing and customization options, our components provide cost-effective solutions tailored to your project needs, ensuring excellent value for your investment.

Wide Range of Applications: From architectural structures and machinery to marine equipment and furniture, our customized parts offer reliable support and functionality for various projects and industries.

Applications:

Construction: Perfect for architectural structures, doors, windows, and building facades, our parts provide strength, durability, and aesthetic appeal.

Automotive: Trusted by the automotive industry, our components offer reliable performance and precision for vehicle components, assemblies, and accessories.

Marine: Ideal for marine applications such as boat hardware, railing systems, and deck fittings, our parts withstand harsh marine environments with ease.

Furniture: Suitable for furniture manufacturing, our hinges and small sheet metal parts provide smooth and stable movement for cabinets, drawers, and other furniture components.

Get in Touch:

Upgrade your projects with our high-quality 304 and 316 stainless steel customized parts. Contact us today to discuss your requirements and explore how our precision-engineered components can elevate the performance and durability of your applications.
