

Thermal Block Aluminium Heat Sink Plate Bending Cutting

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: Aluminum Profiles
- Specifications: L=223MM,W=52.5MM,H=16MM
- Top2: Tec Heat Sink Cnc Parts Supply
- Top1: Heat Sink Adapter 51
- Keywords: Aluminum Heat Sink
- Lead Time: 2-3weeks,Determined By Your Quantity And Detailed Requirements
- Service: OEM/ODM,Custom Aluminum Heat Sink
- Highlight: **aluminium heat sink plate bending,
bending aluminum heat sink plate,
cutting aluminum heat sink plate**

Shenzhen Dongfeng Shengshi Hardware products Co., LTD

Company Profile

Shenzhen Dongfeng Shengshi Hardware Products Co., Ltd. was established in 2003 and is an ISO9001 certified factory. The company has been committed to the research and development, production and sales of hardware molds, ATM components, precision hinges, tapping parts, mechanical components, heat sinks, display hooks, and anti-theft series products. The company's main markets include North America, South America, Europe, Japan, Australia, and mainland China.

The company has complete equipment, mainly including: 48 large and small punches, 40 hand beer machines, 20 tapping machines, 25 drilling machines, 15 machining equipment, 6 lathes, 8 milling machines, 4 wire cutting machines, 5 precision grinders, CNC machining centers, spark machines, three production lines, and the quality management department's projectors, anemometer/cubic, hardness meters, altimeters, film thickness testers and other testing equipment.

The company adheres to the corporate tenet of "customer centeredness, quality as the foundation, continuous improvement and innovation, and continuous provision of high-quality products", constantly explores and strives to establish a good external image for the prosperous era of Dongfeng. We warmly welcome people from all walks of life to establish cooperative relationships with our company, work hand in hand, and create brilliance together!

After sales instructions

1. Are you a factory?

A: Yes, we are a factory with 21 years of experience, dedicated to the research and development, production, and sales of hardware molds, ATM components, precision hinges, stamping parts, mechanical components, heat sinks, display hooks, and anti-theft series products. Our main markets include North America, South America, Europe, Japan, Australia, and mainland China

2. What about the lead time?

A: 15-30 working days for mass production.

3. Do you have any MOQ limit for

A: Low MOQ, 1pc for sample checking is available.

4. How do you ship the goods and how long does it take to arrive?

A: Ship by DHL, UPS, FedEx or TNT. It takes 3-5 days to arrive. Airline and sea shipping also optional.

5. How to proceed an order for?

- 1) Firstly let us know your requirements or application.
- 2) Secondly We quote according to your requirements or our suggestions.
- 3) Thirdly customer confirms the samples and places deposit for formal order.
- 4) Fourthly We arrange the production.

6. what to be clearly indicated when I send you drawing?

A: You are kindly requested to let us know the raw material, finish and quantity at least.

7: What if we are not completely satisfied with the parts we re-

A: We will replace any parts that you are not satisfied with free of charge. If we make a mistake, we will work with you to correct it.

Item	Description
Product Name	Thermal Block Aluminium Heat Sink Plate Bending Cutting
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling,Forming, threading,welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Our Thermal Block Aluminum Profile Main Plate Heat Sink offers comprehensive thermal management solutions tailored to your specific needs. Crafted with precision and expertise, these aluminum profiles are designed to efficiently dissipate heat, ensuring optimal performance and reliability in a wide range of applications.

Key Features:

Thermal Efficiency: Engineered with advanced thermal block technology, our aluminum profiles effectively dissipate heat away from critical components, preventing overheating and ensuring continuous operation.

Customizable Design: With our bending, cutting, welding, and punching services, we offer fully customizable solutions to meet your unique requirements, ensuring seamless integration into your systems.

High-Quality Aluminum: Constructed from premium-grade aluminum, our profiles offer exceptional durability, corrosion resistance, and thermal conductivity for long-lasting performance.

Versatile Applications: Suitable for various industries including electronics, telecommunications, automotive, and renewable energy, our profiles provide versatile solutions for thermal management challenges.

Comprehensive Services:

Bending: Our precision bending services allow for the creation of complex shapes and configurations, optimizing thermal performance while ensuring a perfect fit for your application.

Cutting: With state-of-the-art cutting equipment, we provide precise cutting services to achieve the desired dimensions and specifications for your thermal block aluminum profiles.

Welding: Our skilled welders utilize advanced welding techniques to seamlessly join aluminum components, ensuring structural integrity and thermal efficiency.

Punching: Our punching services enable the creation of customized perforations and mounting holes, facilitating easy installation and integration into your systems.

Advantages:

Enhanced Thermal Management: Our thermal block aluminum profiles offer superior heat dissipation, maintaining optimal operating temperatures and prolonging the lifespan of your equipment.

Tailored Solutions: We work closely with you to understand your specific requirements and provide customized solutions that meet your exact specifications and performance goals.

Reliable Quality: With stringent quality control measures in place, we ensure that every thermal block aluminum profile meets the highest standards of quality, reliability, and performance.

Efficient Production: Our streamlined production processes and skilled workforce enable us to deliver high-quality products in a timely manner, ensuring prompt fulfillment of your orders.

Whether you need bending, cutting, welding, or punching services for your thermal block aluminum profiles, we have the expertise and capabilities to meet your needs and exceed your expectations.
