Aluminium Heat Sink Bar In Industry Application Aluminum Profile Heat Sink

Basic Information

Place of Origin: China Minimum Order Quantity: 1000

• Price: \$+1~10+Pcs

• Delivery Time: 15-20

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

• Supply Ability: 3000+pcs+Month

Product Specification

Material: Aluminum Profiles

• Specifications: L=42.5MM,W=42.5MM,H=25MM

• Top1: Round Black Anodizing Automotive Vape

Heat Sink, Computer Stacked Fin Heat Sink

Keywords: Aluminum Heat Sink

• Lead Time: 2-3weeks,Determined By Your Quantity And

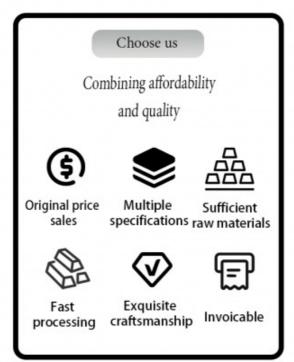

Detailed Requirements

Service: OEM/ODM,Custom Aluminum Heat Sink

• Highlight: silver aluminium heat sink bar,

silver aluminum profile heat sink, odm aluminium heat sink bar

Shenzhen Dongfeng Shengshi Hardware products Co., LTD

Material	Aluminum profiles	Delivery time	20days
Price	\$3~5/pcs	Packing	<u>12 in a box</u>
specifications	<u>L=42.5MM,</u> <u>W=42.5MM,</u> H=25MM	Service	Custom alumi num heat sink

About Us

Direct wholesale, self-produced and self sold

Shenzhen Dongfeng Shengshi Hardware products Co., LTD

Company Profile

Shenzhen Dongfeng Shengshi Hardware Products Co., Ltd. was established in 2003 and is an IOS9001 certified factory. The company has been committed to the research and develo pment, production and sales of hardware molds, ATM components, precision hinges, tam ping parts, mechanical components, heat sinks, display hooks, and anti-theft series produc ts. The company's main markets include North America, South America, Europe, Japan, Au stralia, and mainland China.

The company has complete equipment, mainly including: 48 large and small punches, 40 hand beer machines, 20 tapping machines, 25 drilling machines, 15 machining equipmen t, 6 lathes, 8 milling machines, 4 wire cutting machines, 5 precision grinders, CNC machining centers, spark machines, three production lines, and the quality management depart ment's projectors, anime/cubic, hardness meters, altimeters, film thickness testers and oth er testing equipment.

The company adheres to the corporate tenet of "customer centeredness, quality as the fou ndation, continuous improvement and innovation, and continuous provision of high-qua lity products", constantly explores and strives to establish a good external image for the p rosperous era of Dongfeng. We warmly welcome people from all walks of life to establish cooperative relationships with our company, work hand in hand, and create brilliance to gether!

After sales instructions

1. Are you a factory?

A: Yes, we are a factory with 21 years of experience, dedicated to the research and development, production, and sales of hardware molds, ATM components, precision hinges, stamping parts, mechanical components, heat sinks, display hooks, and anti-theft series products. Our main markets include North America, South America, Europe, Japan, Australia, and mainland China

2. What about the lead time?

A: 15-30 working days for mass production.

3.Do you have any MOQ limit for

A: Low MOQ, 1pc for sample checking is available.

4. How do you ship the goods and how long does it take to arrive?

A: Ship by DHL, UPS, FedEx or TNT. It takes 3-5 days to arrive. Airline and sea shipping also optional.

5. How to proceed an order for?

- 1) Firstly let us know your requirements or application.
- 2) Secondly We quote according to your requirements or our suggestions.
- 3) Thirdly customer confirms the samples and places deposit for formal order.
- 4) Fourthly We arrange the production.

6. what to be clearly indicated when I send you drawing?

A: You are kindly requested to let us know the raw material, finish and quantity at least.

7: What if we are not completely satisfied with the parts we re-

A: We will replace any parts that you are not satisfied with free of charge. If we make a mistake, we will work with you to correct it.

Shenzhen Dongfeng Shengshi Hardware products Co., LTD

Item	Description
Item	Description
Product Name	Aluminium Heat Sink Bar In Industry Application Aluminum Profile Heat Sink
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, Ecating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks,Pro/Engineer,Auto CAD,PDF,JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Our Silver Heat Sink Aluminum Bar is engineered to deliver exceptional thermal management performance in a variety of industrial applications. Crafted with precision and expertise, these aluminum bars offer an optimal balance of thermal conductivity, durability, and aesthetics.

Key Features:

Superior Heat Dissipation: Designed with high-efficiency heat sink profiles, our aluminum bars efficiently dissipate heat, ensuring reliable thermal management for industrial equipment and machinery.

Excellent Thermal Conductivity: Constructed from high-grade aluminum alloys, our bars provide superior thermal conductivity, effectively transferring heat away from critical components.

Robust Construction: With a solid aluminum construction, our bars offer durability and reliability in harsh industrial environments, maintaining performance over extended periods.

Sleek Silver Finish: Featuring a sleek silver finish, our heat sink aluminum bars not only provide effective thermal management but also enhance the visual appeal of industrial machinery and equipment.

Versatile Applications: Suitable for a wide range of industrial applications, including power electronics, motor drives, LED lighting, and telecommunications equipment.

Advantages:

Enhanced Performance: Our aluminum bars optimize thermal dissipation, preventing overheating and ensuring optimal performance of industrial systems.

Cost-Efficient Solution: Offering a cost-effective solution for thermal management, our bars help reduce the risk of equipment failure and downtime, saving both time and money.

Easy Installation: Designed for easy installation, our aluminum bars can be seamlessly integrated into existing industrial systems with minimal effort.

Reliable Quality: Manufactured to the highest quality standards, our bars undergo rigorous testing to ensure consistent performance and reliability in demanding industrial environments.

Applications:

Power Electronics: Used in power converters, inverters, and motor drives to dissipate heat generated during operation.

LED Lighting: Applied in LED fixtures and luminaires to maintain optimal operating temperatures and prolong LED lifespan.

Telecommunications: Utilized in telecommunications equipment, such as servers and routers, to prevent overheating and ensure continuous operation.

Our Silver Heat Sink Aluminum Bars offer an effective solution for thermal management in various industrial applications, providing reliable performance and longevity.
