

## Engineering Drawing Mold Accurate Deep Drawing Mold Tool Steel

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1
- Price: \$ +3000~15000+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

#### Product Specification

- Features: Durable, Lightweight, Easy To Use
- Usage: For Drawing And Tracing
- Convenience: Easy To Store And Transport
- Size: Various Sizes Available
- Maintenance: Easy To Clean And Maintain
- Material: Tool Steel
- Durability: Long-lasting
- Function: Creates Precise And Accurate Drawings
- Highlight: **Engineering Drawing Mold,  
Accurate Deep Drawing Mold,  
Deep Drawing Mold Tool Steel**

## Product Description

Item	Description
Product Name	Engineering Drawing Mold Accurate Deep Drawing Mold Tool Steel
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manipulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

### Product Description:

*Our precision engineering drawing moulds are specifically designed to meet the customized needs of our customers. Produced by Chinese factories, we offer competitive discounted prices, aiming to provide customers with high-quality customized solutions.*

### Key Features:

**Customized Design:** Moulds are tailored based on the precise engineering drawings provided by customers, ensuring a perfect match with their requirements.

**High-Precision Manufacturing:** Utilizing advanced manufacturing processes and equipment to ensure the moulds' high precision and stability.

**Discounted Prices:** Our Chinese factories offer discounted prices, allowing customers to obtain high-quality customized moulds at more competitive prices.

**Wide Applicability:** The moulds are suitable for various engineering applications, including plastic injection moulding, metal die casting, and more.

**Reliability and Durability:** Through rigorous quality control and testing, we ensure that the moulds are reliable and have a long service life.

**If you have any custom requirements or inquiries, please feel free to contact us. We are committed to providing satisfactory solutions.**
