

Professional Mould Die Casting Precision Customized Continuous Mold

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +3000~15000+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Temperature Range: Up To 1000°C
- Moulding Industry: Metal
- Moulding Method: Continuous
- Moulding Application: Industrial
- Size: Customizable
- Moulding Precision: High
- Moulding Surface: Smooth
- Pressure Range: Up To 5000 Psi
- Material: Steel
- Moulding Durability: Long-lasting
- Highlight: **Customized Continuous Mold,
Professional Mould Die Casting,
Mould Die Casting Precision**

Product Description

Item	Description
Product Name	Professional Mould Die Casting Precision Customized Continuous Mold
Working Process	Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling
Material	carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements)
Surface Treatment	Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc.
Packing	Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case
Application	Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments
Equipments	stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator
Thickness	0.5mm~12mm
File Format	Solidworks, Pro/Engineer, Auto CAD, PDF, JPG
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.
Inspection	100% QC as to each products

Our professional-grade continuous mold is meticulously crafted in our state-of-the-art facility, offering unparalleled precision and customization. Engineered for seamless continuous production, this mold is tailored to meet the exact specifications and requirements of our clients.

Key Features:

Precision Manufacturing: Crafted with utmost precision using advanced manufacturing techniques and high-quality materials.

Customization: Tailored to meet the specific needs of our clients, including dimensions, shapes, and functionalities.

Continuous Production: Designed for uninterrupted production processes, ensuring efficiency and consistency.

High-Quality Materials: Constructed with premium materials, guaranteeing durability and longevity.

Versatility: Suitable for a wide range of applications and industries, offering flexibility in production.

Applications:

ATM machine parts

Metal casting

Continuous extrusion processes

Rubber molding

And more

If you have any custom requirements or inquiries, please feel free to contact us. Our team is dedicated to delivering tailored solutions to meet your specific needs.
