

Aluminum Gasket L Shaped Metal Bracket Stainless Steel Spring Clip Fixing Part

Our Product Introduction

for more products please visit us on metalstamp-parts.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 1000
- Price: \$ +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Material: Steel , Iron ,Stainless Steel, Aluminum, Brass, Copper Etc.
- Process: Stamping,Laser Cutting,Bending, Welding, CNC Etc
- Surface Treatment: Zinc Plating, Nickel Plating, Powder Coated , Paint ,Brushed Etc
- Technology: OB Hole,Rivet,Brige,Caes,Thread
- Tolerance: +/-0.002~+/-0.005mm
- Quality Assurance: ISO9001:2015, ISO13485:2016, RoHs, TUV
- Color: Customized
- Highlight: **Aluminum Gasket L Shaped Metal Bracket ,
Stainless Steel L Shaped Metal Bracket,
Stainless Steel Spring Clip Fixing Part**

Product Description

| Item | Description |
|-------------------|--|
| Product Name | Aluminum Gasket L Shaped Metal Bracket Stainless Steel Spring Clip Fixing Part |
| Working Process | Blanking, stamping, Punching, deep drawing, bending, Coining, Curling, Forming, threading, welding, tapping, riveting, cnc machining, CNC Milling |
| Material | carbon steel, Stainless steel Aluminum, copper, brass, bronze (according to customer's requirements) |
| Surface Treatment | Galvanized, Zinc, nickel, chrome-plated, Powder Coating, Polishing, Spraying, Anodizing, Pickling, E-coating, etc. |
| Packing | Inner-Plastic Bag; Outer -Standard Carton Box + Pallet/Wood Case |
| Application | Automobiles, Construction, Transportation, Furniture, machinery, home appliance, electronic & electric appliance, Agricultural Equipments |
| Equipments | stamping/punching machine, CNC bending machine, CNC Laser cutting machine, 5-250T punching machines, Welding Manapulator |
| Thickness | 0.5mm~12mm |
| File Format | Solidworks, Pro/Engineer, Auto CAD, PDF, JPG |
| Service | Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions. |
| Inspection | 100% QC as to each products |

Our range of custom metal components includes L-shaped brackets, aluminum gaskets, metal stamping parts, and stainless steel spring clip fixing parts. Each part is crafted with precision to ensure high performance, durability, and adaptability to meet the diverse needs of various industries.

1. L-Shaped Bracket:

Material Options: Available in aluminum, stainless steel, and mild steel.

Custom Dimensions: Tailored to your specific width, length, and thickness requirements.

Surface Finishes: Polishing, brushing, anodizing, powder coating, or electroplating.

Applications: Structural support, mounting, and framing in construction, automotive, and industrial equipment.

Key Features:

High Strength: Engineered for load-bearing applications.

Corrosion Resistance: Suitable for indoor and outdoor use.

Precision Manufacturing: Tight tolerances for accurate fitting and alignment.

2. Aluminum Gasket:

Material: High-quality aluminum.

Custom Shapes and Sizes: Designed to fit your specific sealing and spacing needs.

Surface Treatments: Anodizing, polishing, and custom coatings for enhanced performance.

Applications: Used in automotive, aerospace, electronics, and machinery for sealing and spacing purposes.

Key Features:

Lightweight: Easy to handle and install.

Durable: Long-lasting performance under various conditions.

Thermal Conductivity: Excellent for heat dissipation applications.

3. Metal Stamping Part:

Materials: Steel, stainless steel, aluminum, brass, and more.

Custom Designs: Complex shapes and intricate details produced with high precision.

Surface Finishes: Plating, painting, powder coating, and more to meet specific requirements.

Applications: Used in electronics, automotive, appliances, and industrial machinery.

Key Features:

High Precision: Manufactured with advanced stamping technology.

Versatility: Suitable for a wide range of applications.

Cost-Effective: Efficient production for high-volume orders.

4. Stainless Steel Spring Clip Fixing Part:

Material: High-strength stainless steel.

Custom Sizes and Designs: Tailored to your specific fixing and clamping needs.

Surface Finishes: Passivation, polishing, and custom coatings for enhanced durability.

Applications: Used in electronics, automotive, construction, and consumer products for secure fixing and clamping.

Key Features:

Resilient: Excellent spring properties for reliable performance.

Corrosion Resistant: Ideal for harsh environments.

Precision Fit: Ensures secure and stable fixing.

Why Choose Our Custom Metal Components:

Expertise: Extensive experience in metal stamping and fabrication.

Customization: Tailored solutions to meet your specific project needs.

Quality: Commitment to high-quality materials and manufacturing processes.

Technology: Advanced machinery for precision and efficiency.

Customer Service: Dedicated support from design to delivery.

Contact Us Today:

Ready to enhance your project with our custom metal components? Contact us today to discuss your specific requirements and discover how our expertise can provide the perfect solution. With our comprehensive customization options and commitment to quality, we are your trusted partner for all your metal stamping and fabrication needs.
