

5000 Shots Tooling Life Metal Fabrication Components for Stamping Method in Various Sizes

Our Product Introduction

Basic Information

- Minimum Order Quantity: 500
- Price: +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Tooling Life: 5000 Shots
- Type: Cold Stamping
- Use: Custom
- Specification: RoHS
- Parts Detection Method: Measurement Of Three Axis NC
- Package: Standard Export Carton
- Sample: Free Sample Is Ok
- Quality Control: 100% Inspection Before Delivery
- Highlight: **5000 shots metal stamping parts, metal fabrication stamping components, stamping method metal parts**

Product Description

5000 Shots Tooling Life Metal Fabrication Components for Stamping Method in Various Sizes

Product Description

Our Metal Stamping Parts are expertly crafted sheet metal stampings designed to meet the highest quality standards. These metal pressing parts undergo rigorous quality control measures, including 100% inspection before delivery, ensuring only the finest products reach our customers.

Customers can evaluate our quality and craftsmanship through our [Free Sample](#) offer. We use [Standard Export Carton](#) packaging to ensure products arrive in pristine condition.

With a roughness of [Ra1.6](#), our Metal Stamping Parts exhibit a smooth, consistent surface finish ideal for various applications. Customization options make them suitable for industries ranging from automotive to electronics.

Features

Product Name: Metal Stamping Parts

Place Of Origin: Dong Guan, China

Base Material: Polycarbonate

Dimension: As per drawing or custom sample

Method: Stamping

Tooling Life: 5000 Shots

Technical Parameters

Parameter	Specification
Base Material	Polycarbonate
Sample	Free Sample Available
Place Of Origin	Dong Guan, China
Method	Stamping
Type	Cold Stamping
Specification	RoHS
Tooling Life	5000 Shots
Quality Control	100% Inspection Before Delivery
Roughness	Ra1.6
Use	Custom

Applications

Our metal stamping parts are versatile components used across multiple industries for their durability and cost-effectiveness. With a minimum order quantity of 500 pieces and price range of \$1-\$10 per piece, they offer excellent value.

Key Applications:

Metal bending components for automotive, furniture, and appliances

Metal pressing parts for electronics, aerospace, and construction

Sheet metal punching parts for telecommunications, machinery, and medical equipment

With a production capacity of 3000+ pieces/month and delivery time of 15-20 days, we offer flexible payment terms including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
