Product Description

Custom Metal Pressing Parts with 5000 Shots Tooling Life

Product Description

Metal Stamping Parts are essential components used in various industries for a wide range of applications. These parts are meticulously crafted with precision and expertise to meet the demands of modern manufacturing processes.

One of the standout features is their exceptional roughness level of **Ra1.6**, which ensures a smooth and flawless finish. Designed for custom use, these parts can be tailored to meet specific requirements, whether for metal punching accessories, blanking components, or forming parts.

Compliant with **RoHS specifications**, these environmentally friendly components reflect our commitment to sustainable manufacturing. We offer **free samples** for quality evaluation, and with a remarkable **mould life of 1 million strokes**, these parts provide a cost-effective, long-term solution for rigorous production cycles.

Features

- **Product Name:** Metal Stamping Parts
- **Type:** Cold Stamping
- **Tooling:** Drawing Dies
- **Roughness:** Ra1.6
- **Parts Detection Method:** Measurement Of Three Axis NC
- **Tooling Life:** 5000 Shots

Technical Parameters
