

100% Inspection Metal Stamping Parts with Free Sample

Our Product Introduction

Basic Information

- Minimum Order Quantity: 500
- Price: +1~10+Pcs
- Delivery Time: 15-20
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000+pcs+Month

Product Specification

- Sample: Free Sample Is Ok
- Method: Stamping
- Mould Life: 1 Million Times Of Strokes
- Parts Detection Method: Measurement Of Three Axis NC
- Base Material: Polycarbonate
- Use: Custom
- Tooing Life: 5000 Shots
- Package: Standard Export Carton
- Highlight: **precision metal stamping parts,
custom metal stamping parts with warranty,
free sample metal stamping components**

Product Description

100% Inspection Metal Stamping Parts with Free Sample

Product Description

One of the key advantages of our Metal Stamping Parts is that we offer **Free Sample Is Ok**, allowing customers to test quality and compatibility before larger purchases. This demonstrates our confidence in the product and commitment to customer satisfaction.

Custom Use is another important feature. Whether you have specific design requirements or unique specifications, we can tailor parts to meet your exact needs, ensuring perfect suitability for your application.

Quality Control is our top priority, with **100% Inspection Before Delivery**. This rigorous process guarantees each part meets strict quality standards and is free from defects affecting performance.

With a **Tooling Life of 5000 Shots**, our Metal Stamping Parts are built to last, withstanding repeated use without compromising quality or precision. This durability ensures long-term performance and consistent results.

Our Metal Stamping Parts offer a winning combination of precision, quality, and reliability, making them ideal for various industries and applications. Whether you need metal pressing parts, precision metal stampings, or sheet metal punching parts, our product delivers exceptional performance and value.

Features

Product Name: Metal Stamping Parts

Dimension: As Per Drawing Or Custom's Sample

Method: Stamping

Type: Cold Stamping

Parts Detection Method: Measurement Of Three Axis NC

Tooling: Drawing Dies

Technical Parameters

Parameter	Value
Place Of Original	Dong Guan China
Quality Control	100% Inspection Before Delivery
Method	Stamping
Roughness	Ra1.6
Sample	Free Sample Is Ok
Base Material	Polycarbonate
Package	Standard Export Carton
Use	Custom
Parts Detection Method	Measurement Of Three Axis NC
Dimension	As Per Drawing Or Custom's Sample

Applications

Metal stamping parts (also known as metal pressing parts or metal forming elements) are versatile components used across various industries. Originating from Dong Guan China, these parts are known for their high quality and precision manufacturing.

Ideal for customization, these parts serve diverse applications including:

Automotive industry for vehicle components

Electronics sector for precise parts

Aerospace field for specialized components

With a **Minimum Order Quantity of 500 pieces** and **Price range of \$1 to \$10 per piece**, these parts offer cost-effective bulk solutions.

Delivery Time of 15-20 days ensures quick turnaround for urgent requirements.

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram. **Supply Ability:** 3000+ pieces/month. Manufactured using stamping method

for consistency and precision.

Featuring **Roughness of Ra1.6** and **Mould Life of 1 million strokes**, these parts offer durability and precision for long-term use across industries.
